The United Nations Security Council

*Recalling* the Charter of the United Nations and its fundamental principles of maintaining international peace and security,

*Reaffirming* the Treaty on the Non-Proliferation of Nuclear Weapons (NPT) and its essential role in preventing the spread of nuclear weapons,

*Noting* with grave concern the potential threats posed by the development of nuclear weapons in the Middle East, with special emphasis on Iran's nuclear program,

*Reaffirming* the importance of all States complying with their obligations under relevant United Nations Security Council resolutions, including but not limited to Resolution 2231 (2015),

*Expressing* deep concern over any actions that may undermine the Joint Comprehensive Plan of Action (JCPOA) and the international efforts to address Iran's nuclear program,

*Recognizing* the critical role of the International Atomic Energy Agency (IAEA) in verifying and ensuring the peaceful nature of nuclear activities,

*Emphasizing* the need for continued diplomatic efforts and dialogue to address concerns related to Iran's nuclear program and promote regional stability,

1. *Urges* all States to take concrete steps to enhance the implementation of the Additional Protocol, as outlined in the IAEA safeguards agreements, to strengthen the IAEA's ability to verify the peaceful nature of nuclear activities, and calls upon Iran to fully cooperate with the IAEA in this regard;

2. *Reiterates* its strong support for the Joint Comprehensive Plan of Action (JCPOA) and encourages all States, including Iran, to uphold their commitments under the agreement, and calls for the facilitation of a constructive and inclusive dialogue to address concerns and build confidence among all parties;

3. *Emphasizes* the significance of regional cooperation and encourages the establishment of a Middle East Nuclear-Weapon-Free Zone, with the active involvement and cooperation of all states in the region;

4. *Calls* on the Netherlands to share its expertise in promoting nuclear security and non-proliferation efforts, and invites other Member States to contribute to capacity-building initiatives in the Middle East region;

5. *Encourages* the development of a regional framework for nuclear energy cooperation, under international supervision, to ensure the peaceful use of nuclear technology while minimizing proliferation risks;

6. *Supports* the establishment of a dedicated regional communication mechanism to foster transparency, build confidence, and promptly address any concerns related to nuclear activities in the Middle East;

7. *Commends* the Netherlands for its proactive role in promoting international cooperation on disarmament and non-proliferation, and calls on other Member States to follow suit;

8. *Decides* to remain seized of the matter and requests the Secretary-General to provide regular reports on the progress and implementation of this resolution.
